

PERSONAL AND CONFIDENTIAL

Attention: _____

Address: _____

The purpose of this Medical Doctor Package is to provide Pfizer’s recently released documents, under compulsion of court order, to medical and health care professionals and the general public.

This package includes the following key areas of information:

- Cover letter addressed to physicians and medical professionals
- **Pfizer’s BNT162b2 5.3.6 Cumulative Analysis of Post-authorization Adverse Events Report**
 - Overall adverse events – including neurological, cardiac and death
 - Pregnant and breastfeeding women – adverse events and fetal death
- Legal requirement under provincial legislation to report adverse events following immunizations
- Rapid Antigen Tests: biohazards, toxicity, inappropriate use and informed consent
- Informed consent brochure summarizing the above details and online resources from physicians with detox and injury protocols

For Ease of Access, the entire content of this Medical Doctor Package, including links to all reference materials, is available in digital form at:
